Monde Primary School.

Lesson name in Kolibri: **Grade 5A Duration Lesson**.

Tapiwa walks the teacher through this. Read one step. Do it. Then go to the next step.

The lesson is already on the computer. It has three videos, then three exercises. You do not add resources. You do not remove resources. You open it, check it, and make it **Visible** for the class.

Before class

Do this before the learners come in.

1. Open Kolibri from the Console

The app is already **Running**. You only open it.

1. Open **Chromium**.
2. Go to the **Console** page this school already uses. Do not type a port number. Do not type a new web address.
3. On the left, the heading says **Network**. **All apps** is in that list.

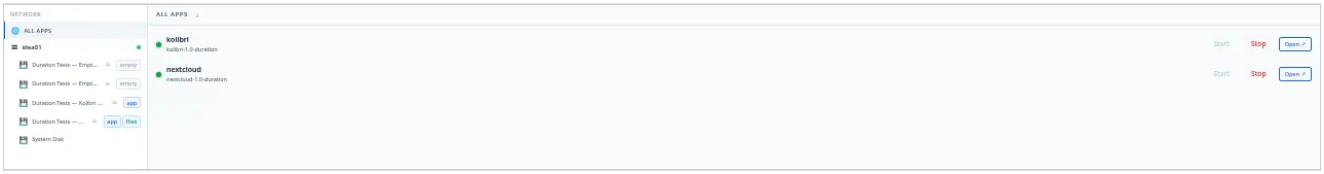

Figure 1. G5A-01-network

Network. All apps is selected. The rows are kolibri and nextcloud. Open is on the right of each row.

4. You can stay on **All apps**. The disk titled **Duration Tests — Kolibri Grade 5A** shows the same row. On that disk the list is headed **Apps**.

Figure 2. G5A-02-disk-apps

Disk Duration Tests — Kolibri Grade 5A. The list is headed Apps. The row is kolibri. The line under the name is kolibri-1.0-duration.

5. Find the row named **kolibri**. The line under that name says **kolibri-1.0-duration**.
6. The dot on the left of the row is green.
7. **Open** is on the right of that same row. Click **Open**.

Figure 3. G5A-03-app-open

The kolibri row. The dot is green. Open is on the right.

A new tab opens. It uses the same computer you already opened the Console on. You do not type a port.

Do not click **Start**. Do not click **Stop**. Do not click **Back up**.

If you do not see **Open**, stop. Call Tapiwa. Do not press **Start** yourself.

2. Sign in

1. On the new tab, click **Sign in**.
2. Type your username and password.
3. You should see the Kolibri home page, with **Classes** in the left menu.

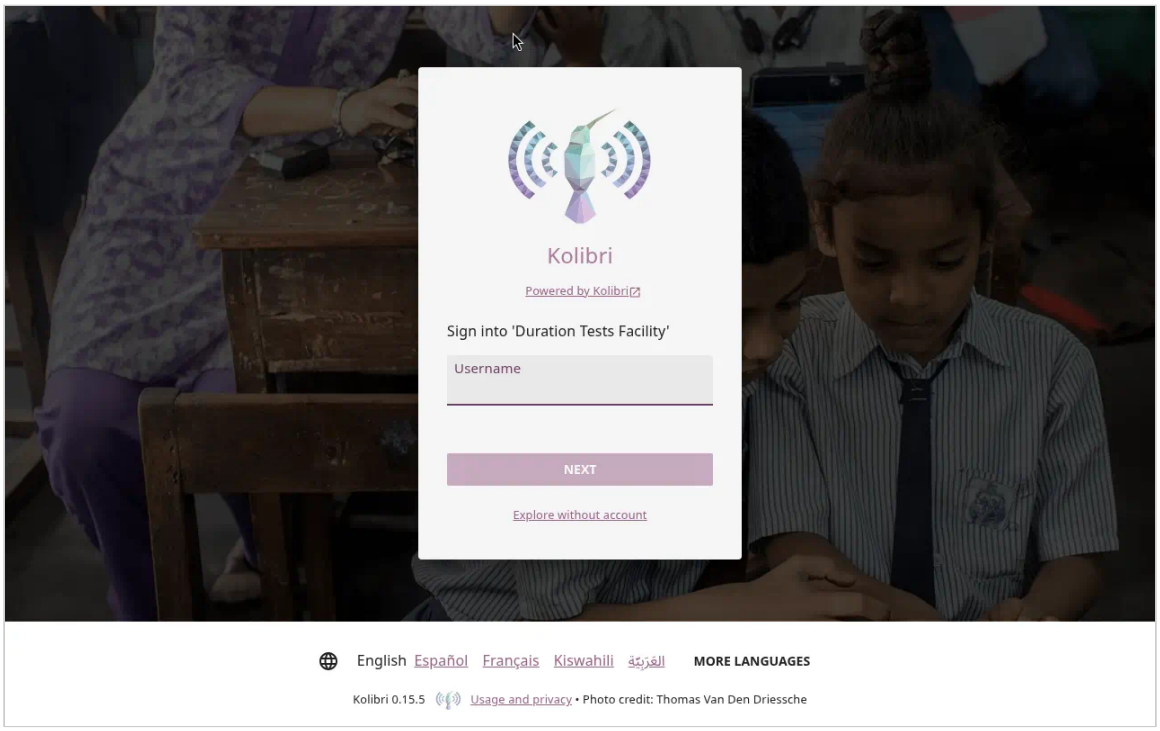

Figure 4. G5A-04-sign-in

3. Open the lesson

1. Click **Classes** in the left menu.
2. Click the class for this group. The name on screen is the Grade 5A class.

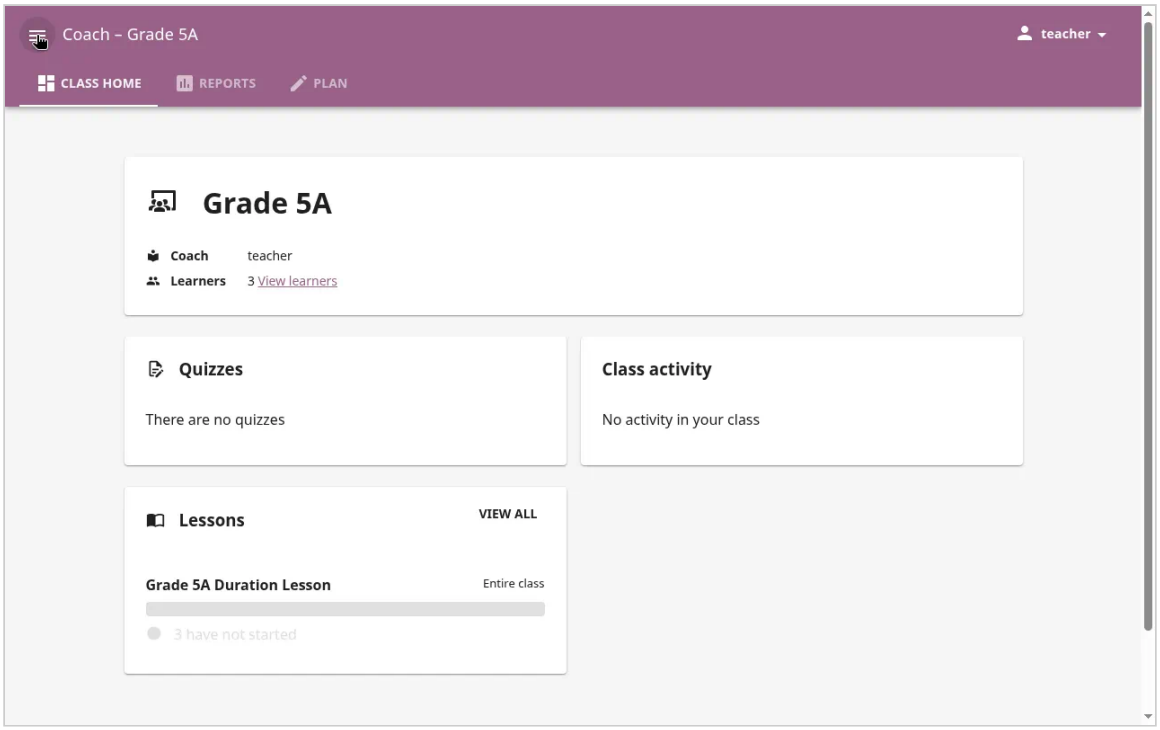

Figure 5. G5A-05-classes

3. Click **Lessons**.
4. Click **Grade 5A Duration Lesson**.

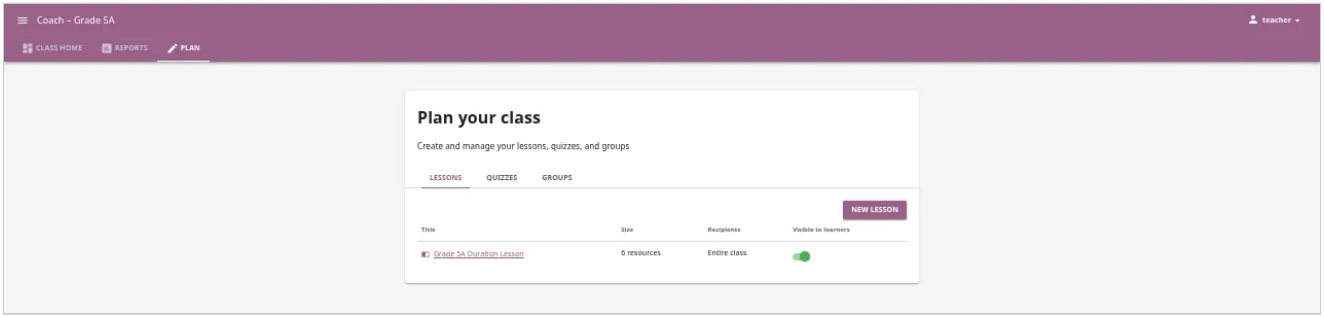

Figure 6. G5A-06-lessons

Lessons. The row is Grade 5A Duration Lesson.

4. Check the resources are in this order

Look at the list inside the lesson. It should be three videos first, then three exercises. Read the names. They should match this list.

Videos (do these first):

1. Visually adding fractions: 5/6+1/4
2. Visually subtracting fractions: 3/4-5/8
3. Estimating adding fractions with unlike denominators

Exercises (do these after the videos):

4. Visually add and subtract fractions
5. Estimate to add and subtract fractions with different denominators
6. Common denominators

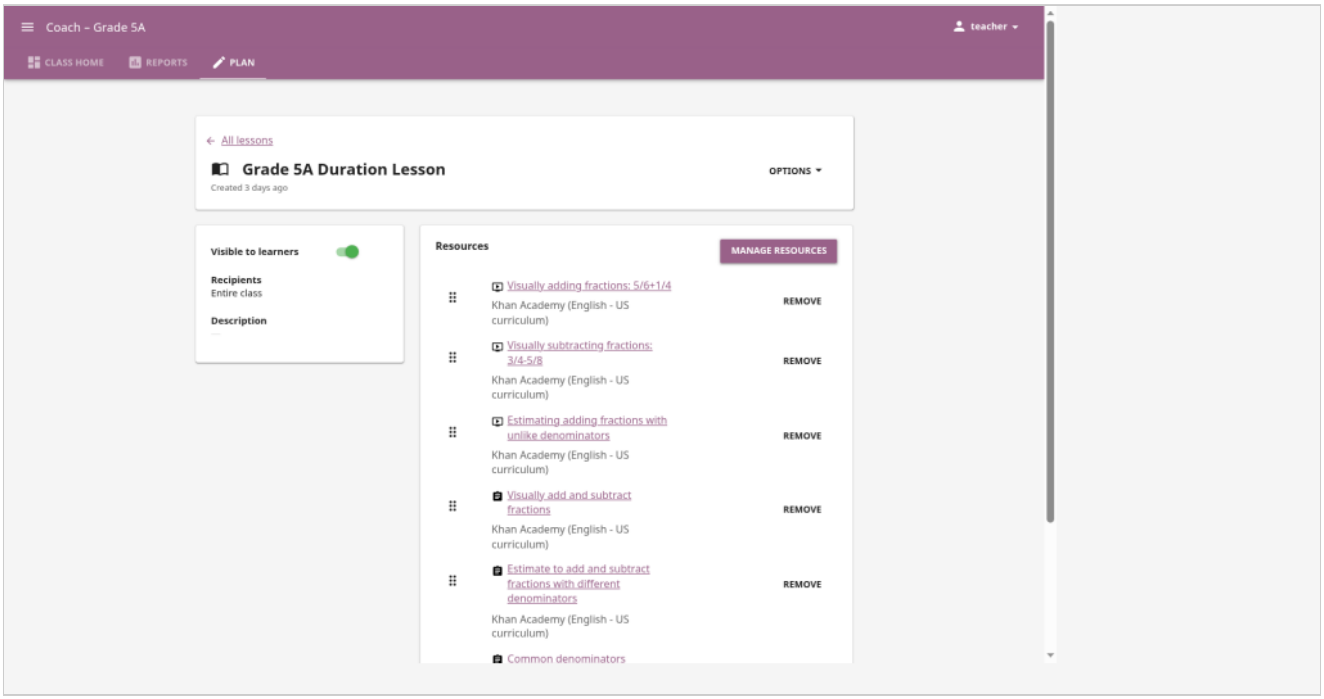

Figure 7. G5A-07-resources

If a name is missing, or the order is wrong, stop. Tell Tapiwa. Do not add or delete resources yourself.

5. Check who the lesson is for

1. On the open lesson, find **Recipients**.
2. It must show your Grade 5A class.
3. If the class is not there: click **Edit**, add the class under **Recipients**, and save.

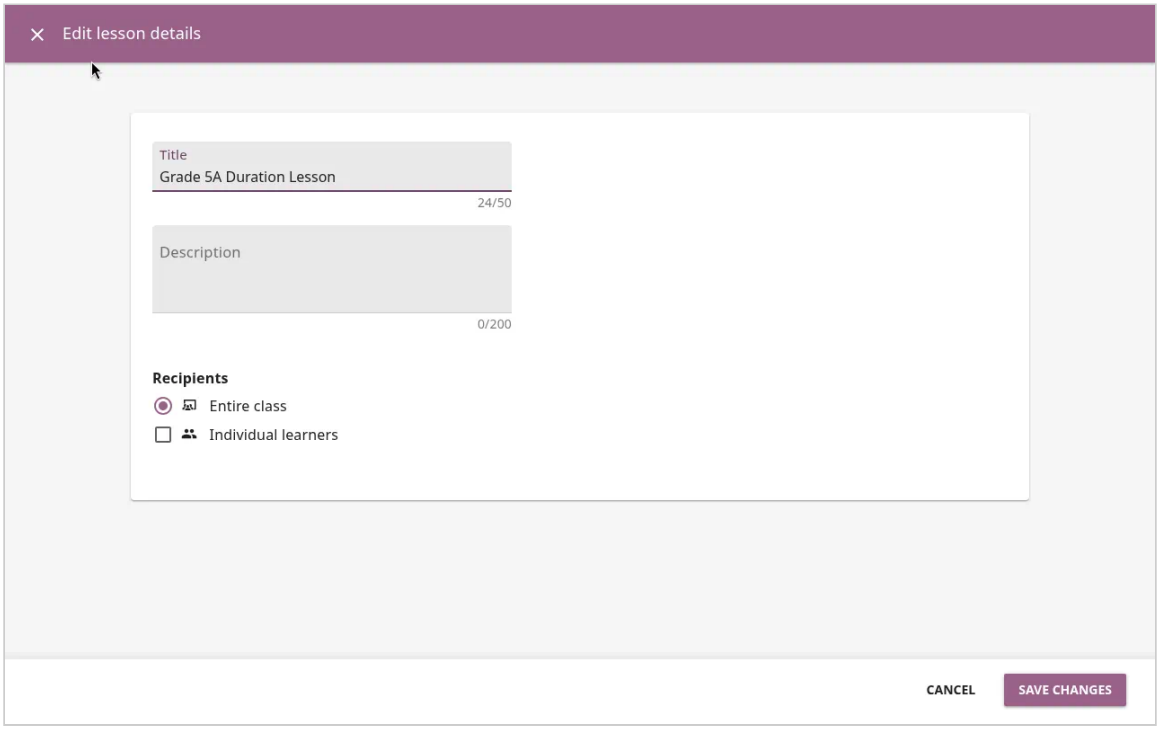

Figure 8. G5A-08-recipients

6. Make the lesson visible

1. Set the lesson to **Visible**. The button turns blue.
2. Learners can see the lesson the next time they sign in.

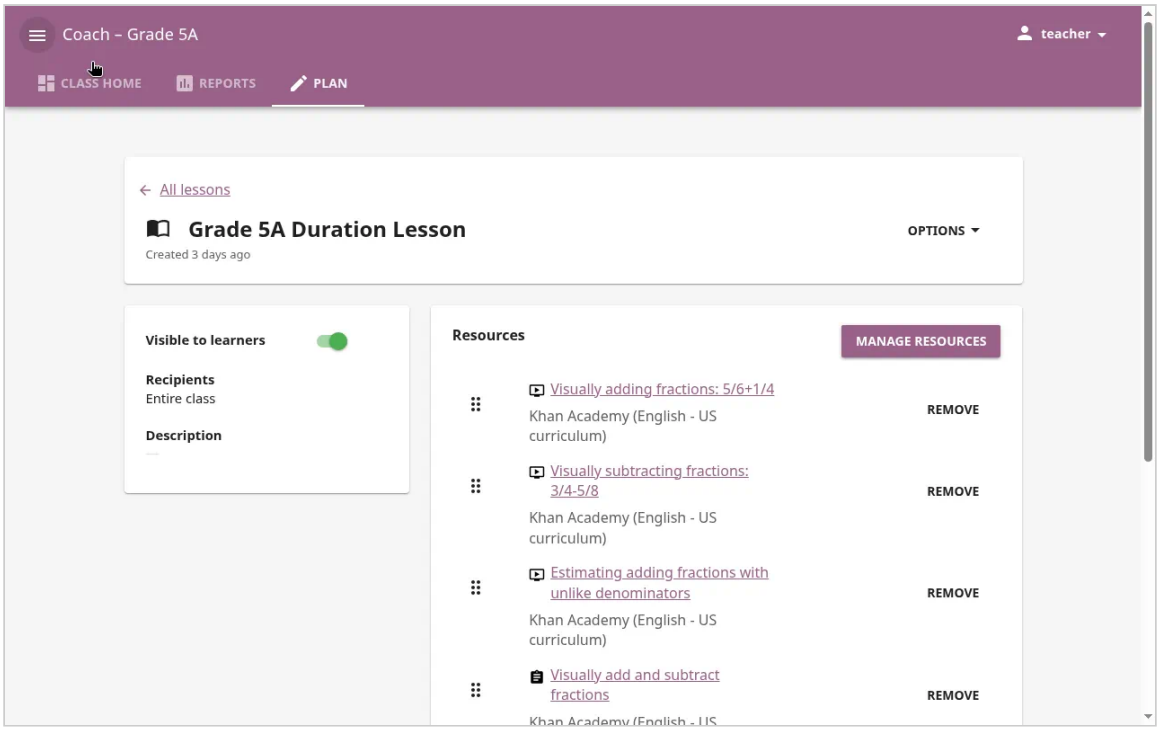

Figure 9. G5A-09-visible

If it is already **Visible**, leave it. Do not turn it off.

During class

You lead. The learners work on their own screens. Walk the room. Do not do the exercises for them.

1. Learners sign in

Each learner:

1. Opens **Chromium** and the **Console**, the same way you did.
2. Stays on **All apps**, or opens the disk titled **Duration Tests — Kolibri Grade 5A**.
3. Finds the row **kolibri**. The line under the name says **kolibri-1.0-duration**. The dot is green.
4. Clicks **Open**. Does not click **Start**.
5. Clicks **Sign in** and uses their own username and password.

They must sign in with their own name. If they do not sign in, you will not see them in Reports later.

2. Learners open the lesson

1. Click **Classes**.
2. Click the Grade 5A class.

3. Click **Lessons**.
4. Click **Grade 5A Duration Lesson**.

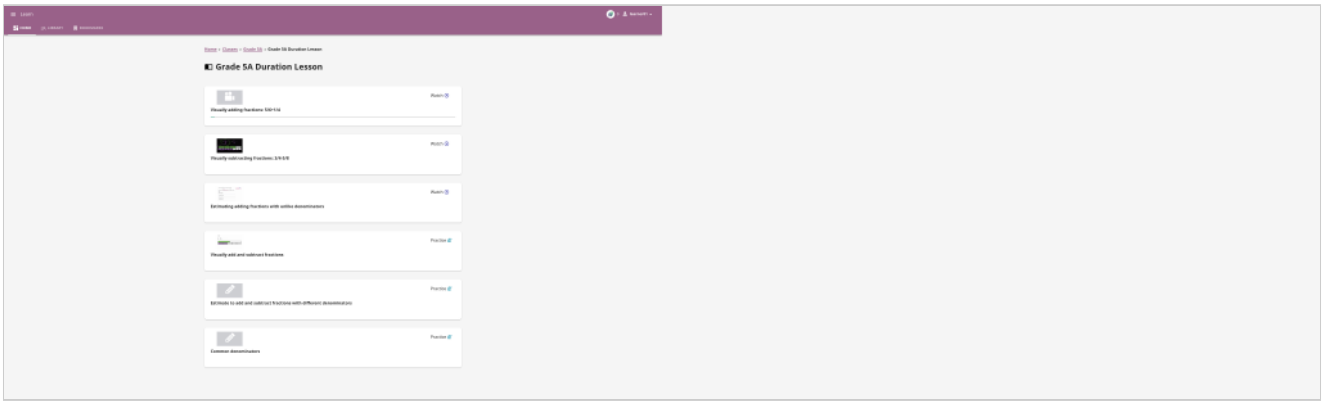

Figure 10. G5A-10-student-lesson

They should see the same six resources, videos first.

3. Videos first, then exercises

Say this to the class:

1. Do the three videos first. Do not skip them.
2. Watch **Visually adding fractions: 5/6+1/4**.
3. Then watch **Visually subtracting fractions: 3/4-5/8**.
4. Then watch **Estimating adding fractions with unlike denominators**.

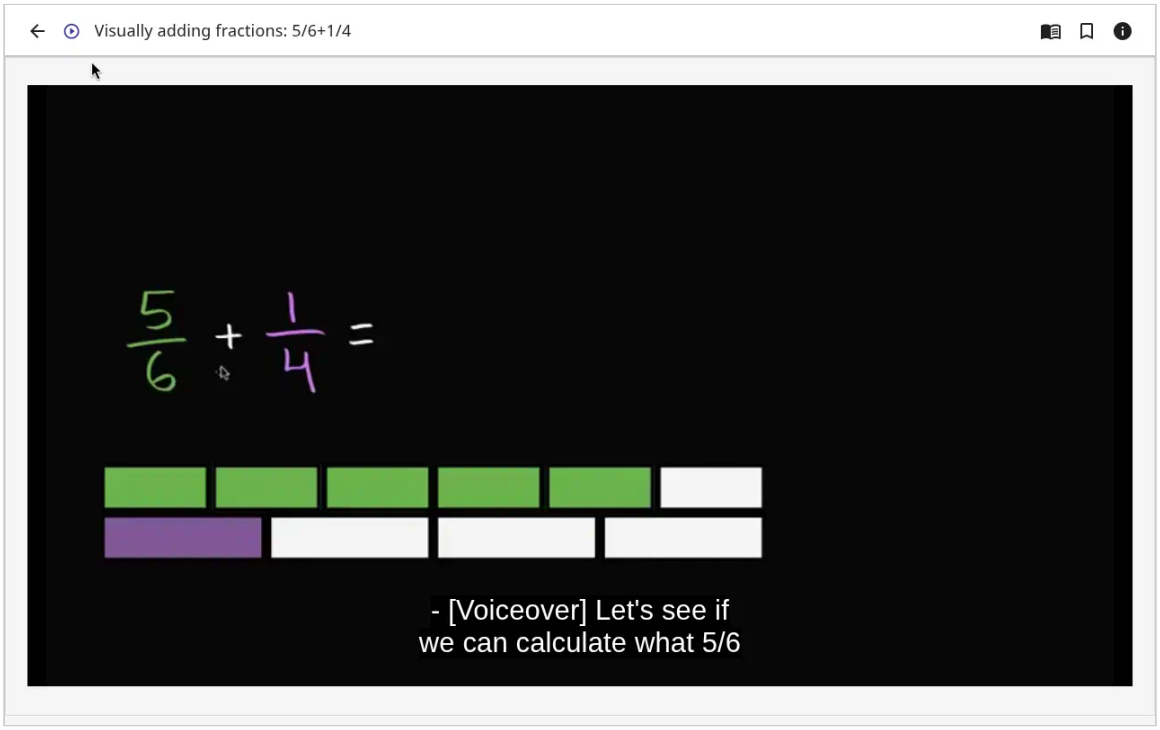

Figure 11. G5A-11-student-video

5. After the three videos, do the exercises in this order: - Visually add and subtract fractions - Estimate to add and subtract fractions with different denominators - Common denominators
6. Answer the questions on the screen. Kolibri tells them straight away if the answer is right.

7. Stay in this lesson until the six resources are done, or until you say stop.

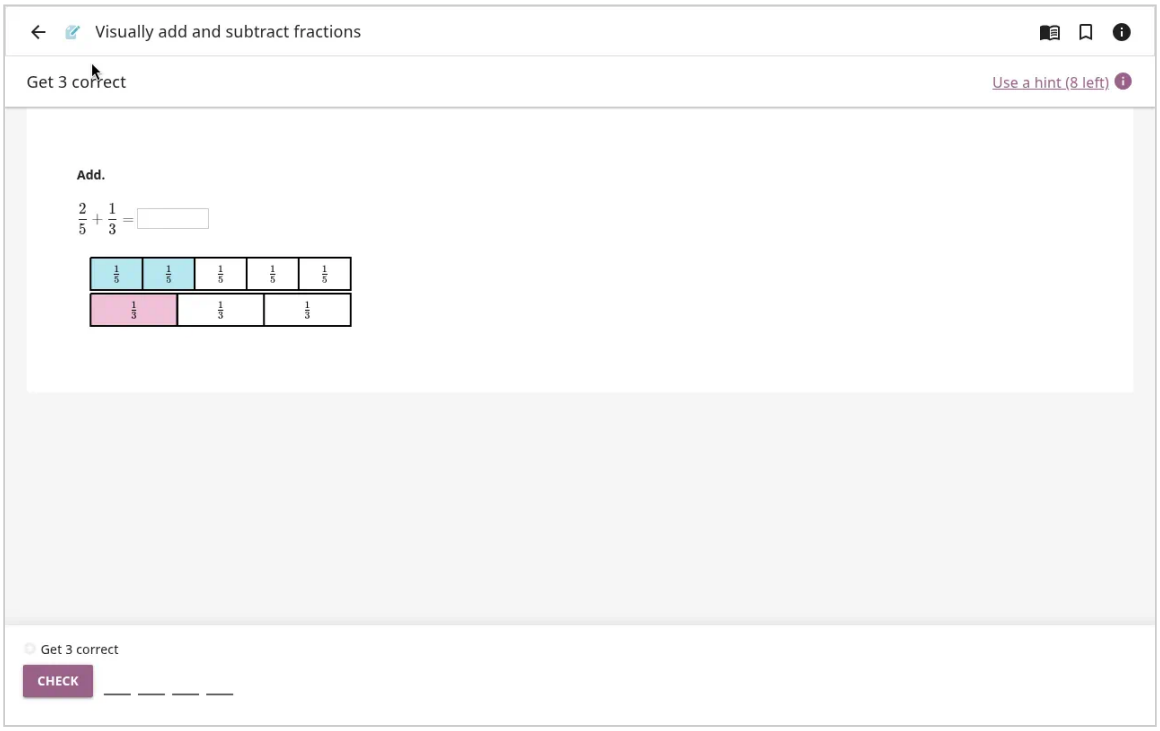

Figure 12. G5A-12-student-exercise

The video plays in the browser. They do not download it.

If a learner cannot find the lesson, check with them: Did they sign in? Is the lesson **Visible**? Does **Recipients** show this class?

After class — check Reports

Do this when the learners have finished, or at the end of the period.

1. You are signed in as the teacher.
2. Click **Reports** in the left menu.
3. Click **Classes**.
4. Click the Grade 5A class.
5. Click **Lessons**.
6. Click **Grade 5A Duration Lesson**.

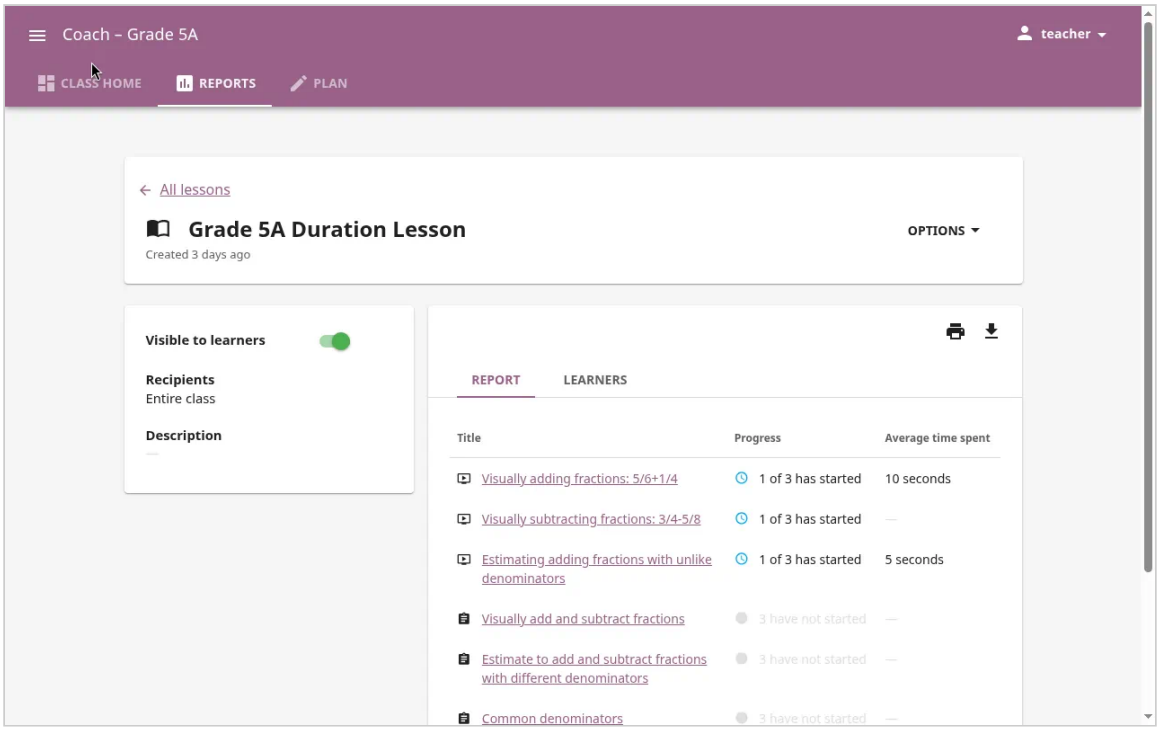

Figure 13. G5A-13-reports-lesson

You see one row for each learner.

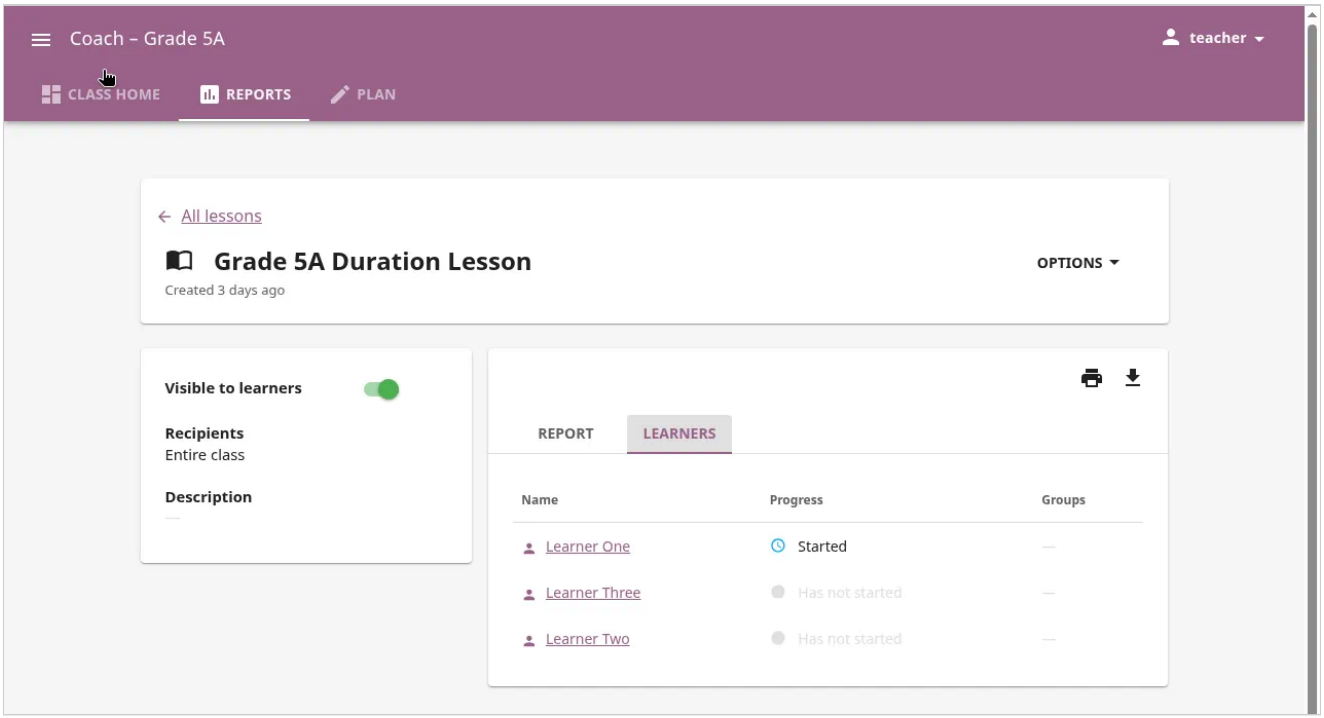

Figure 14. G5A-14-reports-progress

What you see	What it means
Not started	They have not opened the lesson. Did they sign in? Could they find it?
In progress	They started. They have not finished every resource.
Completed	They finished the resources in the lesson.
Progress	How much of the lesson they opened.

What you see	What it means
Time spent	How long they were on the lesson.

What to do with it:

- **Not started:** ask the learner. Often they were not signed in, or the lesson was not **Visible**.
- **In progress:** they can finish next time. Note the name.
- You do not need every learner at 100% today. You need to see that they signed in, watched, and tried the exercises.

Tell Tapiwa one thing you saw. Example: "Most of Grade 5A finished the videos. Three learners did not start."

If something is wrong

What you see	What to do
No **Open** on the row **kolibri**	Stop. Call Tapiwa. Do not press **Start**.
Learner cannot sign in	Class → the learner's name → **Edit** → reset the password. Or call Tapiwa.
Lesson not on the learner's screen	Check **Recipients** shows the class. Turn **Visible** on (button blue).
Reports is empty	Learners must sign in with their own name before they start.
A resource name is missing	Stop. Tell Tapiwa. Do not add resources yourself.

Names you click

These are the words on the screen. They are not web addresses.

Where	The name you click
